moustiers ste marie, 04, parking de félines, grottes , troglodytes, col plein voir, crête de l'issioule, col de l'âne

- Randos

Date de mise en ligne : lundi 9 octobre 2023

Date de parution : 9 octobre 2023

rando inspirée par le site crapahut etvisorando

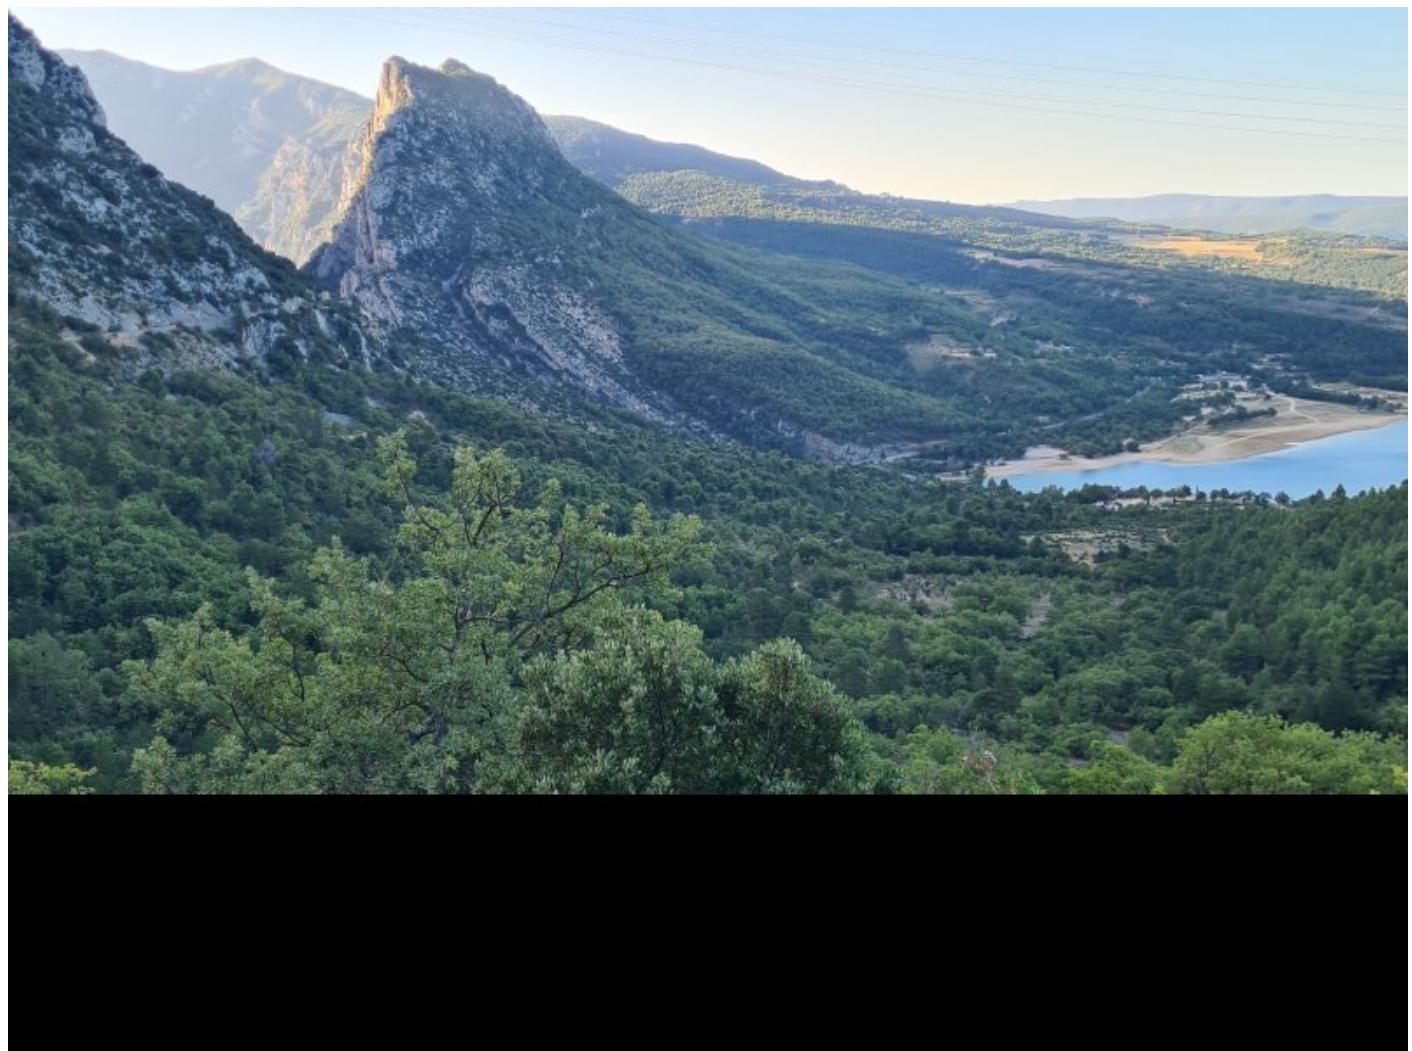

route de la palud sur verdon, parking de félines, parcours difficile, le dénivelé 912m, 12kms600 en 5h20 pour nous, prendre le sentier jaune, caillouteux, au carrefour prendre à droite on va suivre la route les gorges , un beau sentier au début, sur la fin avant lesbaumes de maurin, un passage sécurisé, puis on rejoint les lits de torrent, on a cherché un moment les grottes, enfin trouvées, des flèches bleues indiquent le chemin, on recherche aussi une résurgence à sec, pour y pénétrer..

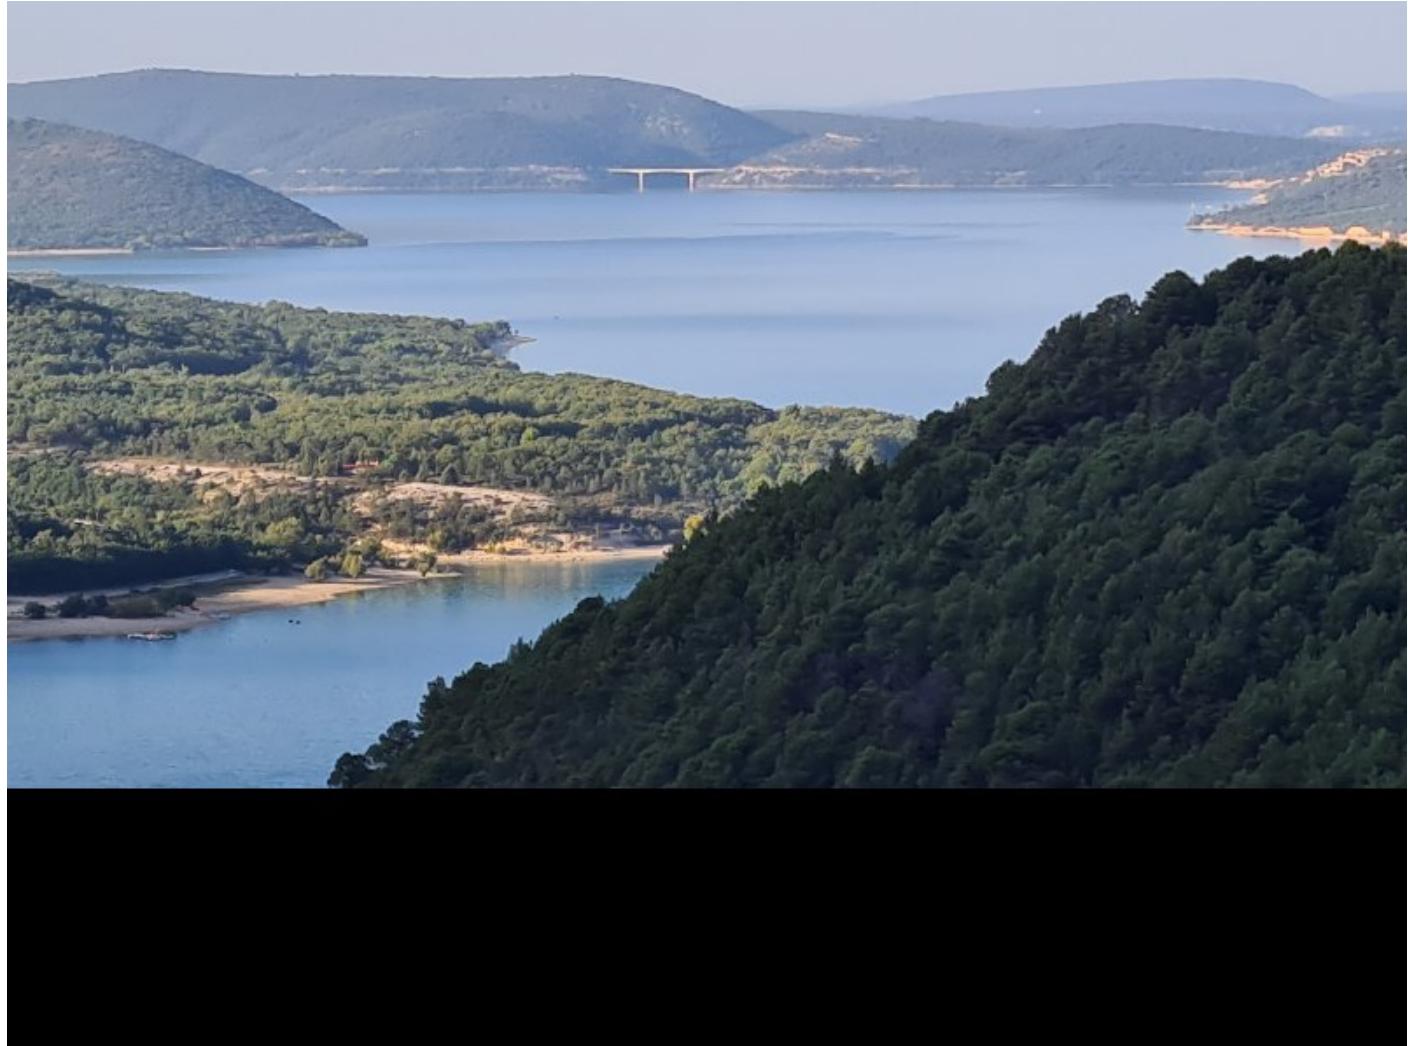

on reprend le sentier qui va alors grimper sérieusement, très sérieusement pendant 1km500, jusqu'au col de plein voir, 1168m, puis la crête, jusqu' un belvédère, 1271m, nous avons la chance d'être survolé par un aigle de bonelli à 10m environ au dessus de nous, les ailes déployées mais pas de photos pas eu le temps..

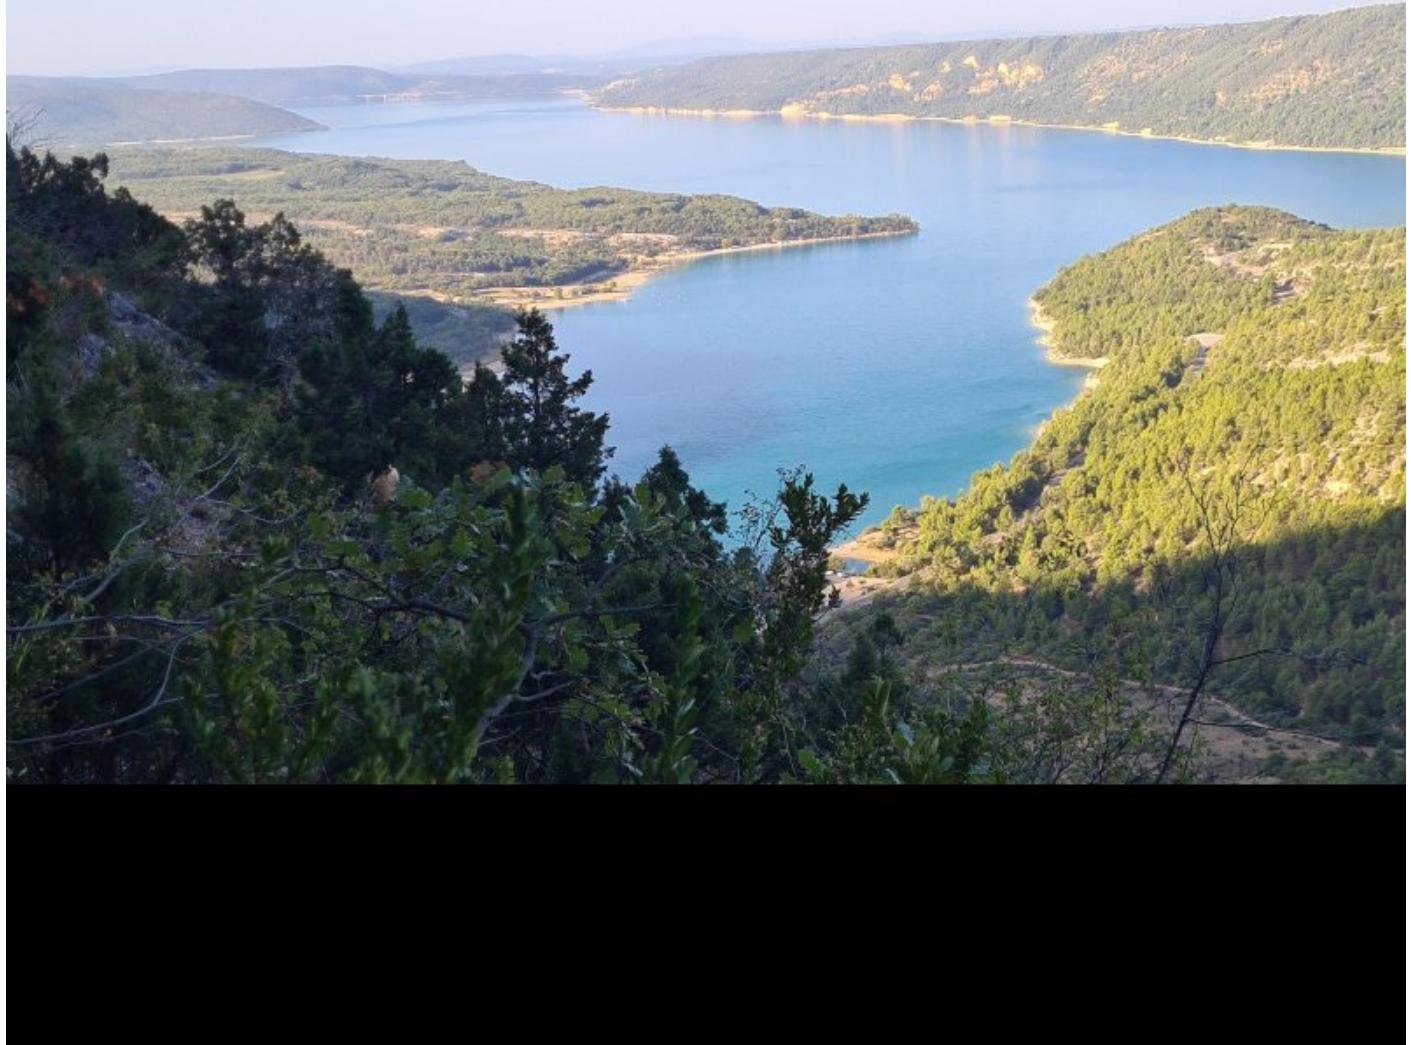

on descend vers le GR, dans la végétation basse, thym, buis etc..

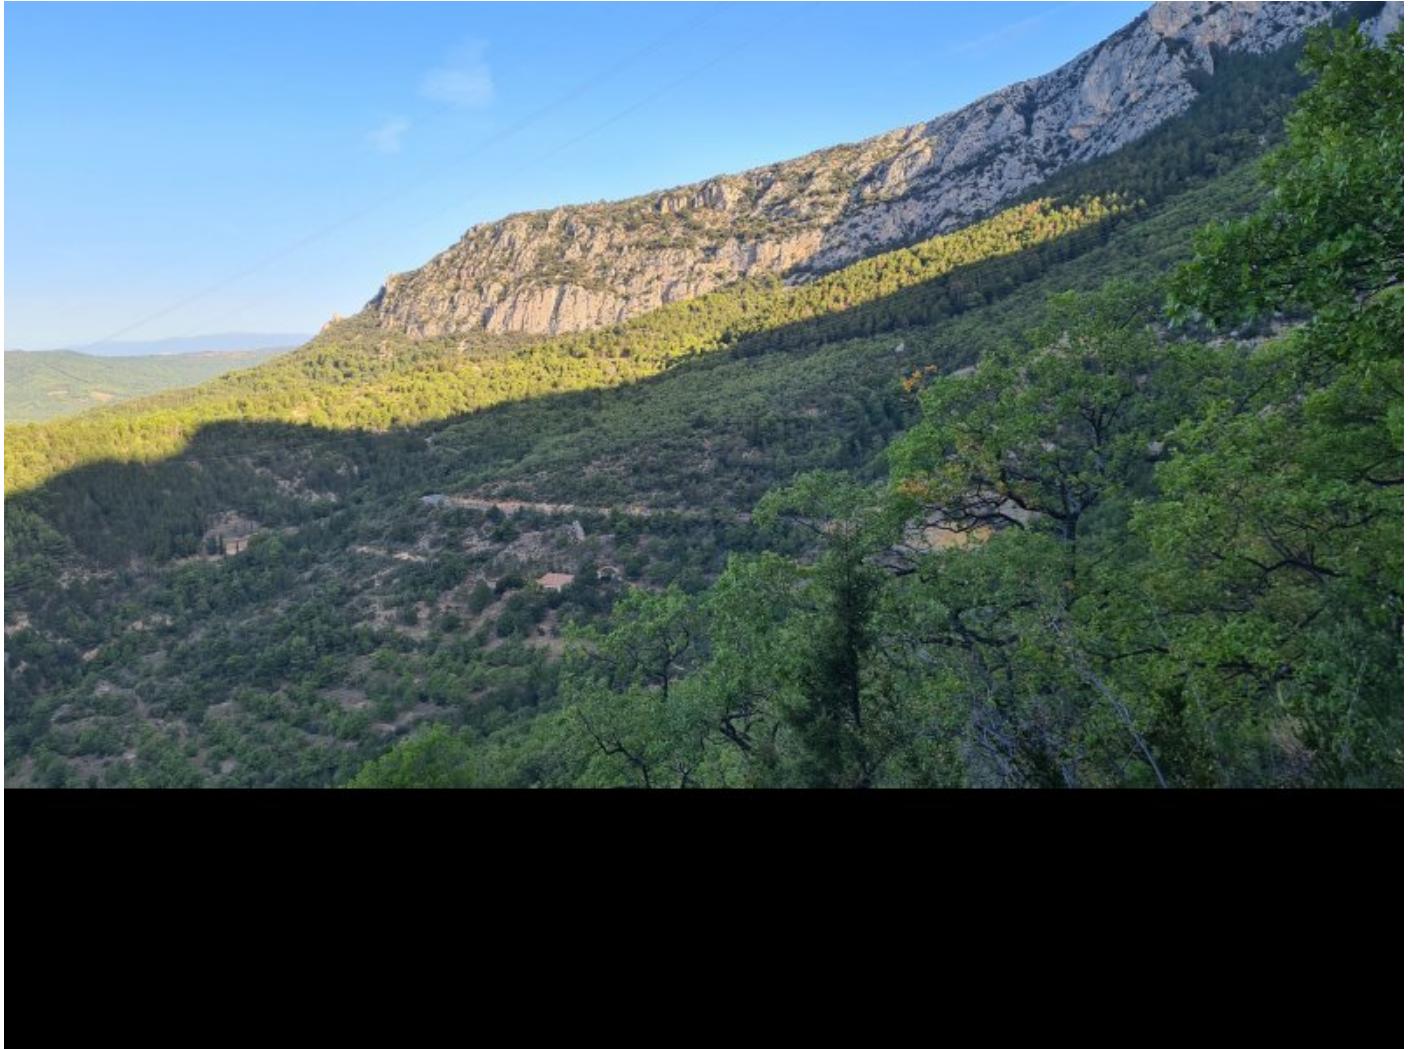

on rejoint el col de l'âne, pour le descendre, raide , caillouteux sur 2kms..
